

We started vaccination for citizens of age-appropriate categories, including initially the people above 60 years of age and those aged from 45 years to 59 years and have the comorbidities in our GOODRICKE gardens in the Dooars, Darjeeling and Assam on 9th March '21. From 1st April '21 our Covid-19 vaccination centre opened for people above 45 years as cases spike according to GOI guideline. It has been widely accepted by the workers and is Free for our workers.

We attach here with some of the photos of the vaccination centres from Assam & the Dooars.
